EMPLOYMENT OPPORTUNITIES

We are searching for a

Assistant Manager, Northampton Hatchery

Our Northampton, NB Hatchery is currently recruiting for an Assistant Manager to join our Marine Harvest Atlantic Canada Management team. The successful candidate will work closely with the site manager to accomplish company goals, while taking ownership of assigned projects. Marine Harvest promotes professional development thus allowing the assistant manager to become a leader within our company.

Qualifications:

- Grade 12 plus 3 + years experience in salmon farming or equivalent combination of education and experience.
- Post-secondary aquaculture certificate, diploma or degree preferred
- Demonstrated skills and experience in providing leadership and supporting all aspects of personnel management.
- Good critical thinking and decision-making ability combined with sound judgement.
- Highly organized and be attentive to detail
- Good communication and interpersonal skills and can resolve conflict situations
- Intermediate computer skills (e.g. Aqua farmer, word processing & spreadsheets)
- Highly motivated, positive outlook and attitude towards work

Closing Date: February 9th, 2018

If you are interested in joining a progressive company and have the skills and experience we require. Please apply online at <http://marineharvest.ca/employment-people/>

Marine Harvest is the world's leading seafood company and the largest producer of salmon. Present in 24 countries, each day our 12, 700 employees worldwide produce 5.5 million healthy and delicious meals, served to customers across the globe. Marine Harvest covers the whole value and production chain, from feed to plate, and through our vision of leading the "Blue Revolution" we are dedicated to farming the ocean in a responsible and efficient way. With the market for salmon in North America continuing to develop favorably, and with a long established presence in British Columbia, Marine Harvest will now build a new business unit in Atlantic Canada. Recognized as global leaders in sustainability, safety and innovation, Marine Harvest is headquartered in Bergen, Norway, and is listed on the Oslo Stock Exchange.

We are searching for a

Hatchery Technician - Northampton Hatchery

Marine Harvest Atlantic Canada is currently seeking applications for hatchery technicians at the Northampton facility. Duties include a variety of husbandry and production tasks such as feeding and caring for salmon fry, grading by size, disease screening, cleaning and maintaining tanks and related equipment, conducting flow measurements and water quality checks, assisting with fish health sampling, vaccination and record keeping.

Candidates demonstrating experience and/or training or education in aquaculture is an asset. Other required skills and abilities include: good time management, organization & planning skills; a positive attitude and a results orientation; strong communication and teamwork abilities; initiative and a strong work ethic.

We offer a competitive compensation package. Some On-call, overnights will be required.
